

## City Manager Plan Discussed at Public Meet

**KEY FIGURES** in a discussion of the city manager plan of government last night in a public meeting at Hope City Hall were: Top Photo, left to right, Harrell Hall, of the Chamber of Commerce Merchants Committee; Dr. Charles F. Spencer, president of Oklahoma East Central State College and a widely known expert on the form of government; Ray Turner, President of the Chamber of Commerce; John Hamman, City manager of Ada, Okla., and C. V. Nunn Jr., city attorney of Hope.

The bottom photo shows a section of the 200 or so interested citizens who attended the public meeting.

## New Water Bill Ignores Ike's Objections

**WASHINGTON (AP)**—A check of the new water projects authorization bill showed today that the Senate Public Works Committee paid little attention to objections President Eisenhower expressed last year in vetoing similar legislation.

As approved by the committee, the bill is virtually the same as the one the President turned down. The bill would authorize Congress to make future appropriations for more than 100 flood control, navigation and beach erosion projects.

The bill vetoed last year carried authorization for projects costing slightly more than \$1.5 billion dollars. The new bill approved by the committee carries 11 slightly less than \$1.5 billion dollars in new authorized work.

## Three Die in Trying to Aid Another Plane

**MOLINE, Ill. (AP)**—Three men who climbed into a small plane to answer the distress call of another plane died yesterday in a collision of the two aircraft.

William Johnson, about 35, the pilot, alone in the distressed aircraft, escaped unhurt. Only damage to the plane was a bent propeller and a few cabin scratches. Johnson was putting a two-engine Cessna through routine tests when he noticed that a cockpit signal light indicated the landing gear was not functioning.

He flew over the Quad-City Air port and radioed the control tower. A two-engine Aero Commander took off to help it was manned by William Rissman, 34, Muscatine, Iowa, head of the Airlines Flight Service; Chester Looze, 48, Davenport, Iowa, a CAA maintenance man at the airport; and Marvin Jones Molino, Ill.

Authorities said the rescue plane attempted to maneuver close to the Cessna to examine the stricken plane's landing gear and apparently bumped into it. The Aero Commander crashed.

Johnson then found he was able to lower his landing wheels. He landed unhurt a few minutes later.

Both planes were owned by Dera a Co., farm machinery firm which maintains a fleet of five craft for use by company executives.

Many a girl calls a fellow by his first name when it's his last name she's after.

## Ouachita Head to Fill Baptist Church Pulpit

**Dr. Ralph A. Phelps Jr.**, president of Ouachita Baptist College of Arkadelphia, has been called as interim pastor of Hope's First Baptist Church.

In a business meeting here Wednesday night the Church membership voted to extend the call to Dr. Phelps. He accepted Thursday.

Dr. Phelps will preach at both morning and night services each Sunday until a permanent pastor is called by the local church.

The vacancy was created by the resignation recently of the Rev. S. A. Whitlow who was called to the First Baptist Church of Arkadelphia as pastor.

## Mrs. S. G. Stone Succumbs in Claremore, Okla.

**Mrs. S. G. Stone** died at her home in Claremore, Oklahoma Thursday after a long illness.

Survivors include her husband, one son, Donald of Claremore and one daughter; one brother, D. L. Stephens of McCaskill and three sisters, Mrs. Maud Holt of Tokio, Mrs. Flossie Bomar, Searcy; and Mrs. Margaret May of Washington, Arkansas.

Burial will be in Claremore Sunday March 24 with Rice Funeral Home in charge.

## Monkey Art Proves People Buy Anything

**By HAL BOYLE**

**NEW YORK (AP)**—The new vogue for chimpanzee paintings—many collectors are now buying them as a hedge against inflation—has raised the question: Who is the real dean among the world's living anthropoid artists?

Betsy, who has the same phone number as the Baltimore Zoo, drew press raves from viewers at her one-chimp show forked out \$125 for some of her finger paintings.

Well, nothing has caused more consternation in the simian world since the revelation that bananas are fattening. Chimpanzees, like humans, are jealous of each other's success, and "show world" chimp art over the country have been denouncing poor Betsy as a fraudulent overgrown monkey.

The latest to get into the act is Zippy, 6 year old and the wealthiest ape in the television jungle. Zippy, challenging Betsy to a real paintdown contest on

## Dag Demands More Israel Withdrawals

**By WILTON WYNN**

**CAIRO, Egypt (AP)**—U.N. Secretary General Dag Hammarskjöld is reported demanding Israeli withdrawal from the El Ajia triangle in the Negeb Desert as an essential step toward Israeli-Egyptian peace.

Hammarskjöld today went into the second day of his conference with Egyptian officials on the operation of the Suez Canal and Israeli-Arab tensions threatening a renewal of Middle East fighting.

The secretary general met for six hours last night with Egyptian President Nasser. He and his aides refused to say what was discussed, but other sources indicated the meeting was devoted mainly to each man's feeling out the other's position.

Hammarskjöld reported belief that the Israelis must quit El Ajia triangle in line with his firm view that both Israel and the Arabs must adhere strictly to the 1949 armistice, which ended the Palestine War, if friction is to be reduced.

The 13-mile-long El Ajia triangle lies along the border between Egypt's Sinai Peninsula and Israel's Negev territory. Because it straddles some much-used desert trails, the armistice said it should be demilitarized.

In 1955 the belligerents accused the Israelis of occupying the triangle. The Israelis countered by saying they had sent in only police units for protection because Egyptian troops had taken up positions close to the border on the Sinai side.

In Jerusalem, official circles said Israel does not want to quit the triangle unless Egypt reverses its attitude of belligerency toward Israel, in defiance of the armistice.

The informants said Hammarskjöld brought up the El Ajia question in talks with Israeli Foreign Minister Golda Meir earlier this week in New York. Mrs. Meir was said to have countered: What about Egypt's belligerency and her continued blockade of the Suez Canal?

## Gas Users Fail in Plea Before the PSC

**LITTLE ROCK (AP)**—Six industries have failed in their attempt to force Fort Smith Gas Co. to disclose records on its cost of producing natural gas.

The state Public Service Commission ruled yesterday it had no jurisdiction to determine if Fort Smith Gas is paying a reasonable price for gas supplied by Stephens Gas Co., because Fort Smith Gas is an interstate firm.

The industries, including Harding Glass Co., are protesting a rate increase of 4 1/2 cents per 1,000 cubic feet which went into effect last October. The PSC will hold a hearing April 2 on the rate boost.

W. R. Stephens of Little Rock owns both Fort Smith Gas and the Stephens company. Fort Smith Gas gets almost all of its supply from Stephens.

## Navy Jet Cracks Record on Return

**LOS ANGELES (AP)**—Falling in set a Los Angeles-to-New York speed record, a twin-engine Navy jet bomber turned around and flew back to Los Angeles to establish a new round-trip record of 9 hours 35 minutes 48 seconds, and an east-to-west record of 5 hours 14 minutes 13.780 seconds.

Piloting the Douglas Skyraider was Capt. Dale W. Cox Jr., Spirit Lake, Idaho. His crew was Lt. Russell Baum, the copilot, Baltimore, and Marine T Sgt. Robert L. Butts, Mayville, N. Y.

The bomber left Los Angeles at 9:11 a. m. and was in New York 3 hours 59 minutes 14.80 seconds later. The best time west-to-east is 3 hours 44 minutes 53.08 seconds set March 6, 1955, by Air Force Lt. Col. Robert Scott in an F84F Thunderbolt.

The former round-trip record was 11 hours 18 minutes 27 seconds, made May 21, 1955, by Air National Guard Capt. John M. Conroy in an F86A Sabre Jet. The old east-to-west record of 5 hours 24 minutes 28.04 seconds also was set by Conroy.

## Mayor a Hero as Council Chamber Burns

**By ROBERT G. CRAM**

**CHICAGO, (UP)**—Mayor Richard J. Daley was among the heroes last night in a fire that destroyed Chicago's City Hall, chambers of Chicago's City Hall, routing some 130 persons and causing \$250,000 damage.

Daley, who was working late in his office, led a scrubman who as trapped in dense smoke to safety. Firemen carried about 30 other persons from the burning 50-year-old structure, and another 100 escaped down stairways.

The five-alarm fire was turned in by none other than City Fire Commissioner Robert Quinn, who was in his office when he saw the glow of flames reflected from a nearby hotel window.

"I thought at first the hotel was on fire," Quinn said. We all ran out on the street. When I saw smoke coming out of the City Hall, I ran around in front and pulled the alarm.

"About 10 pieces of fire equipment raced to the building in the heart of the loop. The blaze attracted between 7,000 and 10,000 spectators, police estimated.

Firemen battled the blaze for an hour-and-a-half, confining the flames to the second floor council chambers, aldermanic rooms and offices along the northwest corner of the second and third floors.

The cause of the blaze was not known.

Four telephone girls were trapped in the 10th floor office during the height of the blaze but stuck to their jobs until the fire was out.

About 12 firemen at the Fire Department's central switchboard on the sixth floor also remained at work relaying calls on other lines while thick clouds of smoke billowed through the room.

During the blaze, four policemen stood guard on the first floor city treasurer's office which contained \$200,000 in cash and 100 million in bonds and securities. The treasurer's office was untouched by the flames.

Workmen spent the night cleaning up the fire damage, and the City Hall opened for business as usual this morning.

## County Red Cross Fund Hits \$1309

**The Hempstead County Red Cross campaign fund climbed to \$1309.20 today, Mrs. George Wright, drive chairman, announced.**

She urged volunteer workers to complete their canvass and to report contributions in an effort to wind up the campaign by April 1.

The fund total is far short of the goal of \$4417 but many workers have not yet reported. Contributions have come in from the business area of Hope, canvassed by Mr. and Mrs. Joe Hankins.

Others reporting were Mrs. Milton Eason and Mrs. William Rhinhardt, Ward One; Mr. and Mrs. Olin Purcell, Ward Two; Mrs. Cline Franks, Advance Gift chairman; Mrs. Steven Bader, Ward three; and Mrs. T. Messer of Washington.

Persons in these areas who may have been missed are urged to call their Ward chairman, or mail their contributions direct to Mrs. George Wright.

Other Ward Chairmen and chairmen in the rural areas are urged to complete their drive and report as soon as possible.

## Colorado Man Doesn't Plan Dog Track

**LITTLE ROCK (UP)**—The owner of a Colorado dog racing track told United Press last night he had no plans to open a greyhound track in Pulaski County.

Fred Whitehead, owner of the Cloverleaf Dog Racing Track at Loveland, Colo., was in Little Rock last week, apparently considering establishment of a track in Little Rock or Pulaski county.

The Denver Bureau of United Press contacted Whitehead in Miami, Fla. Whitehead said he had no plans to establish a track in Arkansas.

Dr. Ed Dunaway of Conway chairman of the State Racing Commission, said Whitehead was told of the local option law which goes into effect July 1, which would govern the operation and that the state racing commission would not have much to say.

Whitehead also was told that under the local option act, any track built would have to cost at least a million dollars. Dr. Dunaway said.

When informed last week that Whitehead was seeking information about putting in such a track, Gov. Orval E. Faubus said he had heard of the interest in a dog track in Pulaski County.

"I don't think the people of Pulaski County will ever vote for it," he said.

The governor also reiterated his previous stand that he was not in favor of another dog track anywhere in the state.

## Ike, MacMillan Turn to British Atom Weapons

**By JOHN M. HIGHTOWER**

**TUCKER'S TOWN, Bermuda (AP)**—President Eisenhower and Prime Minister Macmillan turned today to ways of boosting Britain's atomic military might after reaching a gratifying measure of agreement on the whole range of complex Middle East problems.

Officials said the military issues boiled down to how much Britain is going to cut its forces and what can be done to increase the power of those remaining in uniform by providing them with atomic weapons.

Eisenhower was expected to assure Macmillan of U. S. help in developing a mightier force with fewer men under arms.

After four hours of negotiations in two sessions on the Middle East, spokesmen for the president and Prime Minister announced they had discovered a gratifying measure of agreement.

U. S. officials stressed, however, that for the moment, the United States is backing U. N. Secretary General Dag Hammarskjöld fully in his Cairo talks with Egyptian President Nasser and that no final decision will be made until Hammarskjöld has reported to the United Nations.

The Middle East ground covered in yesterday's opening sessions of the Big Two Bermuda meeting included consideration of a suggested formula for resolving the immediate problem of the Gaza Strip by getting U. N. Emergency Force troops spotted at key points on both sides of the Israeli-Gaza border. The plan also would make the U. N. force responsible for security inside the strip, with Egypt retaining civilian administration of the area.

Israel has in the past refused to agree to proposals for putting U. N. troops on its soil and has said the way must not be left open for Egypt to use Gaza again as a base for raids into Israel.

The two leaders also agreed a joint committee of experts would study a British proposal for promoting construction of an Iraqi-Turkey pipeline, with the prime purpose of lessening the dependence on the Persian Gulf.

## Hope Offers Burned Out Plant a Site

**LITTLE ROCK (AP)**—The competition within Arkansas to lure a burned-out bond manufacturing company away from Little Rock is getting fiercer.

H. A. McCune, president of Brown Manufacturers Inc., whose plant here was destroyed last week in an \$800,000 fire, said yesterday that new sites had been offered by Hot Springs, Hope, Osceola, Camden, Arkadelphia and other Arkansas cities.

A Hot Springs delegation got to jump on everyone by conducting McCune on a guided tour of sites this week. The move was characterized by William M. Shepherd, president of the Little Rock Chamber of Commerce, as a "culture-like approach."

McCune said he would consider proposals within Little Rock before relocating elsewhere — possibly in another state.

## Governor to Call Special Session for Next Week

**LITTLE ROCK (AP)**—Gov. Orval Faubus said today that he will call a special session of the Legislature for Monday noon to consider the highway appropriation bill if it is all right with members of the General Assembly.

Faubus said that legislators would be contacted immediately to see if the Monday date is convenient.

The governor said that the Legislature would be authorized to consider only the 104-million-dollar highway appropriation which was blocked in the final hours of the regular session, and a bill for expenses of the special session.

There is a bare possibility that the Legislature will be authorized to consider one other item, Faubus said. He would not elaborate on this point.

Faubus said that if he found that 15 or 20 legislators could not attend a special session Monday, he would have to change the date, but he said that he did not anticipate any objections.

Faubus said that he probably will address a joint session of the Legislature. He said that he hopes the work can be finished next week.

In discussing the wage minimums for some hourly workers, Faubus said it isn't good policy to write into the law certain administrative policies, but there are too many things the Highway Department isn't doing that it should be doing.

## Vast Search Is on for Plane With 67 Aboard

**By DON BALDWIN**

**TOKYO (AP)**—One of the greatest air-sea searches the Far East has ever seen swung into its second day today for 47 Americans on a U. S. military transport plane which disappeared just before reaching Japan.

More than 70 planes and about a dozen Japanese and American ships were poised to criss-cross thousands of square miles of the Pacific ocean southwest of Japan. Cloudy skies and rain squalls which limited visibility yesterday gave promise of lifting.

Hope dimmed after the first day's search failed to find the plane or survivors in the 120-mile wide corridor stretching 300 miles southeast of Tokyo where the plane was believed to have gone down.

Twenty-foot swells also hampered the rescue ships.

The search area was to be expanded today to cover approximately 75,000 square miles.

Some Japanese aviation experts speculated the plane might have crashed one of the chain of volcanic islands southwest of Tokyo.

The four-engine C-97, military version of the Boeing Stratocruiser, left Wake Island yesterday afternoon for Tokyo on the last leg of a flight from Travis Air Force Base near San Francisco, Calif.

The Air Force said 57 passengers and a crew of 10 were aboard the plane, with the passengers including 27 Air Force personnel; 17 Army and 10 Navy men; 2 civilian.

## Schedule of Rabies Shots in County

**On Tuesday Morning, March 26, dogs are scheduled to be vaccinated for Rabies in the following communities by Veterinarian, Herbert Rogers: 7:30, at Roy Fry farm on Highway 67; 8:00, Fulton, at Post Office; 9:00, McNab; 10:00, Saratoga.**

The fee is one dollar per dog regardless of the size. Please have your dogs at the above locations at the hour specified.

Other Hempstead County Neighbors desiring to have their dogs vaccinated for Rabies should contact County Agent, Oliver L. Adams, at once and the schedule will be arranged.

# THE BEST CROWD TO FOLLOW IS THE CROWD GOING TO CHURCH

There's No Evil There Except What You Carry With You

## Please God, Help Us!

In every man's life there is a moment when he is inadequate to the forces he faces. At such a time only his moral integrity will sustain him.

Those who have based their lives on their own strength inevitably will face the time and the place when that strength is insufficient to the necessity of the moment. They will crumble unless they know that they are never alone... that there is a power that can and will help them, no matter how terrible the times.

The man who has learned to rely on God can draw from this source of never-failing power and with resurgent strength face his future, unafraid.

"IF GOD BE FOR YOU, WHO CAN BE AGAINST YOU...."

These Firms Pledge Their Unqualified Support to Him.

the absence of the president, Mrs. Oliver Adams. Roll call was answered with each member giving the name of her favorite perennial.

Minutes were read and approved. Plans for the annual flower show were discussed.

Mrs. Larmar Cox gave a most interesting talk which was divided into two parts. The first part was "How to Prepare Beds for Perennials." The second part was "The Best New Iris and How to Grow Them." She showed pictures of the newest specimens of iris. After the program the hostesses served a delicious dessert and coffee to those present.

Customers in a hamburger stand in Baltimore have their orders served on a model train which runs on a track that circles just inside the dining counter. The train, controlled by an order clerk, stops before each diner with the raw, medium or well done hamburger, as ordered.

## DOROTHY DIX

Watch Your Step, Girl,  
Soldier May Catch On!

## City Manager

Continued from Page One

Dear Dorothy Dix: My 20-year-old daughter is engaged to a serviceman stationed quite a distance away. Their wedding was originally planned for next month, but he postponed it because of furlough complications. Naturally she was disappointed. She has always been a fun-loving girl and the prospect of foregoing dates for several months doesn't appeal to her. I insist that if she goes out dancing she's being disloyal to her fiancé; she insists I'm just old-fashioned. Who is right?

MRS. C.

Dear Mrs. C.: This problem is one that is constantly appearing in my mail. One of the disturbing by-products of our present military situation is the girl who wants to eat her cake and have it, too. Generally she'd also like a few crumbs left for pudding. It never has been right for an engaged girl to act with the freedom of the unfettered, and it isn't right now! This is one old-fashioned idea that hasn't lost caste. Your daughter is wrong. If she wants freedom, there's one sure way to get it -- break the engagement.

Dear Dorothy Dix: My girl has the awful habit of screaming at people like Pat Boone, and Elvis Presley and others. How can I stop it?

GEORGE

Dear George: If you have patience, she'll outgrow it. Hasten the process by mooning over a few dolls yourself. She'll be quite willing to call quits on all such exhibitions.

Dear Dorothy Dix: I am an unmarried woman of 48. Recently I met a friend of long ago, who is now a widower. We've had a few dates and have renewed an old attachment. However, if I married him I would have to live with his maiden sister and a widowed daughter. Would you advise it?

SUE

Dear Sue: The change of compatibility existing between you and the two women who have been running your ex-sweetheart's life is as remote as the stars. Changing the peace and security of your present life for the friction and turmoil of another household would be unwise. Don't do it.

Dear Dorothy Dix: I am serious in what I am about to say. I'm in love with Liberace. How can I let him know I love him very much? I'm 27 years old and know what I'm saying.

"DEAD SERIOUS"

Dear Dead Serious: I'm sorry, but I doubt if Liberace would be seriously affected by your emotions. He'd probably be sympathetic, but after all a goodly share of his feminine listeners are in love with him, too.

Instead of pestering a busy man, why not turn your energies to something realistic? Circulate and get to know the eligible young men in your community. You'll forget Liberace soon enough when you meet the right one.

The first two-wheeler bicycle was built in Hartford, Conn., in 1877.

## Arkansans Attend USO Conference

WASHINGTON, (UPI) — The National Council of United Service Organization, Inc., (USO) is holding its second annual meeting here today.

More than 200 of the 500 members are expected to attend. Members representing Arkansas on the council are Mrs. C. G. Redman of Fayetteville, Thomas H. Barton of EL Dorado, rear Adm. Powell M. Rhea, USN (ret) of Fayetteville, Louis Cohen of Fort Smith, Robert Wimberley of Little Rock, and Frank Loda of Texarkana.

"The average housewife will, in her lifetime, wash enough cooking and eating utensils to make about 70 stacks as high as the Empire State Building (102 stories high) in New York."

dom do, however, is proof that this modern system of city government works better than the old."

City Manager Hamman recounted the actual working of his office in Ada.

Hope City Attorney Nunn reminded the meeting that the present discussions are being held in view of the 1957 legislative act permitting cities of 2,500 population or more to set up the city manager form by popular vote in a special election called for that purpose.

Continued From Page One

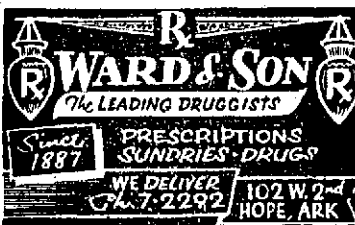

year, came by and gave me a free lesson.

We used water colors, after applying him carefully for half an hour.

Stop in for  
**KODAK FILM**  
All sizes—All types

We have complete stocks of Kodak Film... every size to fit every camera... every type, both color and black-and-white—and all of it, packed in air-tight seal and demerolized for your protection. Stop in and stock up now to be sure you won't miss the picture-taking opportunities ahead. Then see us again for fast, expert finishing when your pictures are taken.

I began to feel I had almost a born chimp's skill at the case myself.

Zippy has only one defect as a water color artist. He's too crazy about yellow. Carl got enough of it. After carefully brushing yellow over the cardboard he was working on, Zippy lifted up the palette and poured all the rest of the yellow paint on his plate. Then he swallowed all the other colors, too—red, blue, green, orange, black and white.

If it could have been possible to frame the inside of his stomach Zippy would have had a masterpiece beyond the power of Matisse to equal.

Zippy, who has authored four books, appeared in two movies, a dozen top TV shows, and currently is grinding up a series of comic strip adventures, is thoroughly democratic.

At the age of 2 months he adopted Lee Eucyer, 32, a former schoolteacher, and Mrs. Eucyer, Zippy, who has 200 custom made outfits, lets the Eucyers share his Freeport, Long Island, home. They have their own room and beds and eat at the same table with him.

He's gentle as a child," said Lee. We feel he is almost human.

Zippy more than returns the compliment. He feels Lee really is human.

A clean liver, Zippy takes regular exercise, watches his weight, doesn't drink or smoke.

But he has one bad habit. He chews his fingernails, an occupational ailment with most TV stars.

Bees really discovered air conditioning. For millions of years they have been carrying water to hives where it is fanned by the wings of workers to cool honey in storage.

## Governor to Call Ike MacMillan

Continued from Page One

impasse developed."

Before the impasse was broken yesterday, the loose ends of ill feeling between some legislators and highway officials were showing.

Rep. Paul Van Dalsen of Perry attacked several commission policies and engaged in a verbal duel with Sen. Clifton Wade of Fayetteville during the wage discussion.

A proposal by Sen. Robert Harvey of Swifton to reduce Highway Director Herbert Eldridge's proposed salary from \$18,000 to \$17,000 was defeated. Harvey said the figure simply was too high "for such a poor state" although he bore no ill will towards Eldridge.

Criticism of some Highway Commission methods also was aired by Sen. Guy Jones of Conway, Rep. Eugene C. Fleeman of Mississippi, Rep. Carroll Hollenworth of Bradley, Rep. Marion H. Crank of Little River and Sen. Artie Gregory of North Little Rock.

Jones charged that the commission did not intend to enforce a 1957 act which permits adding of 12 miles or roads in each county to the state highway system. Commissioner Harry Parkin said this was not so.

Fleeman contended the commission "has not listened to the people" and "usually do not know what's going on."

Crank said the commission pays different rates to the same workers, a charge echoed by Van Dalsen.

Gregory said "the morale between the employees and the front off ice of the department is worse than it has been in 30 years."

The special legislative session is necessary because the Highway Department will have no new funds to operate after July 1.

Editors in popular magazines complained in 1956 that boys were becoming more interested in athletic sports than they were in dancing and music.

## Legal Notice

NOTICE  
IN THE PROBATE COURT OF  
HEMPSTEAD COUNTY,  
ARKANSAS  
IN THE MATTER OF  
THE ESTATE OF

No. 1108  
P. T. Staggs, deceased  
Last known address of decedent:  
Hope, Arkansas  
Date of death: March 13, 1957

An instrument dated September 5, 1956, was on the 20th day of March, 1957, admitted to probate as the last will of the above named decedent, and the undersigned has been appointed executor. A contest of the probate of the will can be effected only by filing a petition within the time provided by law.

All persons having claims against the estate must exhibit them, duly verified, to the undersigned within six months from the date of the first publication of this notice, or they shall be forever barred and precluded from any benefit in the estate.

This notice first published 22 day of March, 1957.

## Bomb Scare Search Fails in London

Continued from Page One

pendence of all reducing and consuming countries on the Suez Canal. The plan envisages a U.S.-British treaty with those three Middle East countries to guarantee permanent freedom of movement of oil from the area.

Also discussed were steps which may have to be taken in regard to the payment of Suez Canal tolls, a prime issue in the Hammarskjöld-Nasser talks. Western nations using the canal had proposed that half the canal tolls be paid to an international agency for development and maintenance of the waterway. Nasser replied Egypt demand all the money but might be willing to put some of it into a development fund.

## Vast Search Is

Continued from Page One

government employees, both men and a woman military dependent, presumably the wife of a serviceman stationed in Japan.

The crew, which included at least one woman, all were members of the Air Force. The plane was operated by the Military Air Transport Service (MATS).

The plane's last reported position was 100 miles southeast of the big MATS terminal in Tokyo at 10:15 a. m. (9:15 a. m. CST Thursday). The radio report gave no indication of any trouble and the plane was expected in Tokyo on schedule, two hours later.

The Air Force said the plane had enough fuel for only about 3½ hours flying past its scheduled ar-

## Bomb Scare Search Fails in London

LONDON (UP)—Police searched vainly for a bomb today in the courtroom where Dr. John Bodkin Adams is being tried for murder for profit.

It was the second bomb scare in a week in the Old Bailey Criminal court and the only flash of excitement in a morning in which the defense scored several more points.

The prosecution suggested alterations had been made in a nurse's log book which has figured prominently in the case. Dr. Adams has pleaded innocent to a charge that he used poison to murder 81-year-old Mrs. Edith Alice Morrell, one of his many wealthy patients at the seaside resort of Eastbourne, in order to inherit a Rolls Royce car and a chest of silver.

Chief Defense Counsel Geoffrey Lawrence has used the nurse's log book effectively in trying to discredit testimony given by crown witnesses from memory. The log book contains entries made in Mrs. Morrell's case up to the time

of her death on Nov. 13, 1950. Lawrence has drawn out through cross-examination that these entries differed from statements made by the nurses.

The big-mouthed hippopotamus, some of which weigh more than four tons, is a useful animal. They keep African lakes and streams free of clogging vegetation.

As soon as the plane was over-due, a sea and air search was launched in the pygmy darkness. Life rafts aboard the plane were equipped with flares and flash outs and most rafts aboard trans-pacific planes carry emergency radio transmitters for broadcasting SOS signals.

Throughout the day, however, monitors picked up no distress calls.

One expert said if the plane did ditch in 30-foot seas, it almost certainly crashed up and sank quickly, possibly before life rafts could be launched.

## Pro-amateur Meet Beckons Good Field

MIAMI BEACH, Fla. (AP) Another \$5,000 pro - amateur golf tournament beckoned today to touring pros who shared prize money with winning Walter Burkemo in the \$5,000 Coral Ridge tournament.

A \$7,500 two-day open follows the Miami Beach Pro-Am.

Burkemo indicated he would not compete, but fly home Sunday.

Burkemo set a three under par competitive course record yesterday in taking \$700 first money with a 68 on the Coral Ridge Country Club's 6,579-yard layout at Fort Lauderdale.

The Franklin Hills, Mich., star was two strokes under his dead-end nearest competitor, Ed Furgol of St. Andrews, Ill., and Jay Hebert of Sanford, who pulled down \$430 each.

## Memphis State Barely Keeps in the Running

By TED MEIER

NEW YORK (AP)—When the pressure is toughest give the ball to Bob Swander of Memphis State and Wyckwood, Ind. Three times this season he has won games with last-second points.

Last night he scored a field goal with less than a second left to give Memphis State an 80-78 overtime victory over St. Bonaventure in the semi-finals of the National Invitation basketball tournament.

The victory put the dark horse Tigers in Saturday afternoon's TV final against second-seeded Bradley, which crushed Temple 94-66 in the other semi.

The valiant Bonnies had come from behind to tie the regulation game at 76-76 and go ahead in the overtime on Larry Weise's layup. Jack Butcher tied it at 78-78, then Memphis State went into a stall.

The Tigers called time out with 52 seconds to go. They continued to freeze the ball until only a few seconds were left then they shot and missed The rebound came to Swander in sidcourt. He wrestled it away from a horde of Bonnies and flipped in the jump shot that won the game in dramatic fashion.

Pol Banata, Memphis coach, said:

It is nothing new for him to win games like that. He did it during the season against Marquette and Western Kentucky.

Vanatta attributed much of his team's showing to Wilford, who scored 29 points, grabbed 16 rebounds and made three assists.

The Bradley-Temple game was a letdown after the exciting first game. Temple stayed close at 37-33 until near the end of the first half. Then Bradley broke the game wide open the same as they did against Xavier of Ohio Tuesday.

Bradley made 35 of 64 shots from the field.

Burney Cable led Bradley with 25 points. Guy Rodgers made 23 for Temple.

Calendar of Events

Baseball Team To Be Organized

Mr. C. B. Smith, Hempstead County Agent is asking all persons who are interested in a good baseball team to meet him at Hicks Funeral Home, Monday, March 25, at 7:30 p. m.

Call Meeting

Zorah Chapter No. 4 OES will hold a special meeting Thursday, March 28, at 6 p. m. All members are asked to be present.

Lest We Forget

The Basketball game at Harris Gym tonight between the Hope PTA, and the Nashville PTA. Game time, 7:30. Admission 10-15-25c.

Weiner Roast

The Matron's Society of Loneoke Baptist Church will sponsor a weiner roast tonight on Hicks Funeral Home lawn. Everyone is invited.

Blevins Training School News

Community meetings have been held in sections of the Blevins School district with the McCaskill Club electing the following officers:

B. L. Johnson, president; William Walker, vice-president; E. C. Jones, secretary; Mrs. Callie Watts, assistant secretary; A. L. Bruce, treasurer; Mrs. Birdia Walker, reporter;

Refreshment committee: Mrs. Noranza Armstrong, Mrs. Nollie Walker and Mrs. Bessie Hill; Social committee: Joe Walker, A. B. Armstrong, Mrs. Jodie Goff.

ANTIOCH - Community meetings have been held in the homes of Mr. and Mrs. Cardell Williamson, Mr. and Mrs. Tennyson Block, Mr. and Mrs. Sherman Johnson. Refreshments were served at each meeting.

The Blevins High School chorus will sing at Philander Smith College Song Festival at Little Rock, March 29 Most of the leading high schools in the state will take part.

Wayland Goes Into Finals

ST. JOSEPH, Mo. (AP)—Wayland College of Texas will face Iowa Wesleyan tonight in the finals of the National AAU women's basketball tournament.

Iowa Wesleyan provided the change from last year's cast by upsetting Nashville, Tenn., 44-39 last night. Nashville was runner-up to Wayland in the 1956 finals.

Wayland had to mind its business last night to defeat Kansas City Midland, 48-44, and some observers predicted Iowa Wesleyan might break the Texans' three-year-old on the title.

Kansas City Midland and Nashville will play for third place.

Jackson, Miss., won the consolation championship last night, whipping St. Joseph Platt 60-29.
